### From the Qur'an:

“Beautified (has been made) for people (humankind) the love of that which they desire – of women and sons, heaped-up sums of gold and silver, fine branded horses, and cattle and tilled land. That is the enjoyment of worldly life, but Allah has with Him the best return.”

“Say (O Muhammad!), “Shall I inform you of (something) better than that? For those who fear Allah will be gardens in the presence of their Lord beneath which rivers flow, wherein they (shall) abide eternally, and (shall have) purified spouses and approval from Allah.”

(*Surah Aal e Imran: 14-15*)

### Selected Hadith:

The Messenger of Allah (SAAW) is reported to have said:

“Avoid doing injustice to others, for on the Day of Judgment, it will turn into manifold darkness, and safeguard yourself against miserliness, for it ruined those who were before you. It incited them to murder and treating the unlawful as lawful.”

(*Sahih Muslim*)

## EDITORIAL

All praise is due to Allah (SWT), and peace & blessing on his noble Messengers (AS), in particular, on the last of them all the blessed Prophet Muhammad (SAAW).

The Russian based media Pravda reported on 11 April 2018, that “Russian warships kicked off naval exercises near the coast of Syria”. According to the Moscow Times, “The Russian Navy is reportedly scheduled to launch firing drills off the coast of Syria on 11 April 2018 amid fears of an imminent U.S. airstrike against Syria following a suspected chemical attack”.

According to the report, U.S. President Donald Trump directly warned Russia that missiles were “coming” to Syria after blaming Damascus for an alleged deadly gas attack in the town of Douma.”

While, Pravda.ru’s report intimates that “Russia Closes Airspace above Syrian Coast”, there is however no official confirmation from the Russian Ministry of Defense other than a routine advisory pertaining to the conduct of war games off the Syrian coastline. According to Pravda.ru:

The message contains coordinates of the closed area and states the fact of firing exercises. The area of the exercises located in international waters of the Mediterranean is adjacent to the sea border of Syria. It will be closed on April 11-12, April 17-19 and on April 25-26 from 10 to 18 Moscow time.

Russia currently has about 15 warships and logistics vessels of the Black Fleet in the Mediterranean Sea, including Admiral Grigorovich and Admiral Essen frigates (they carry Caliber cruise missiles), as well as submarines.

These war games are conducted in response to ongoing US military threats directed against Syria, not to mention the ongoing deployment of US naval power in the Eastern Mediterranean.

It is also worth noting that according to the Daily Star (*April 6, 2018*), Russian warships have also been conducting naval war games in the Baltic Sea off the coast of Latvia. See screenshot below:

According to Foreign Policy (9 April 2018),

If U.S. President Donald Trump decides to take military action against the Syrian government in response to Saturday's chemical weapons attack outside of Damascus, he would almost certainly have to approve a wider operation than the limited strikes he ordered just over a year ago.

"In order for the administration to actually inflict enough pain on the [Bashar al-]Assad government to send the signal that Trump wants, the U.S. would have to hit a wider package of targets," says Nicholas Heras, a fellow at the Center for a New American Security. "That would essentially cripple Assad's military capabilities."

Trump's Chemical Weapons justification to bomb Syria is based on the presumption that President Assad is allegedly killing his own people may be fabricated. We say this on the basis of historical facts. There is ample evidence that the U.S. sponsored "rebels" are not only in possession of chemical weapons, they have been trained by the Pentagon.

According to CNN report by Barbara Starr dated September 2013:

According to the Washington Times, coinciding with the commencement of Russia's war games off the Syrian coast, the US Navy has deployed several warships in the Eastern Mediterranean, including the USS Ramage, USS Mahan, USS Gravelly and USS Barry, which are armed with ballistic missiles. (Washington Times, April 10, 2018)

## Say hello, Assad: See the Navy warships off the coast of Syria

The Navy has sent four warships — USS Ramage, USS Mahan, USS Gravelly and USS Barry — armed with ballistic missiles into the eastern Mediterranean Sea amid violence in Syria. Navy ships are capable of a variety of military actions, including launching Tomahawk cruise missiles as they did against Libya in 2011.

These deployments of US Naval power are to be followed by the dispatch of the USS Truman Carrier Strike Group "accompanied by the guided-missile cruiser USS Normandy and the guided-missile destroyers USS Arleigh Burke, USS Bulkeley, USS Forrest Sherman and USS Farragut." (Stars and Stripes, April 09, 2018). The Carrier group has 6500 sailors as well as air force personnel. See screenshot below:

## Truman strike group departs for Middle East, Europe deployment this week

All in all, there seems to be an inevitable battle between two "giants" in the near future, with, among other things, the lives of millions, maybe billions of Muslims in the Middle East at stake. The global powers are not showing any retreat in their "Missile and Gunboat Diplomacy". Syria is at a dangerous crossroad today more than ever before. Add to that the distortion and omissions of the mainstream as well as alternative and social media, the situation is extremely uncanny.

May Allah (SWT) protect the Muslims from disastrous consequences, give them the willingness to take matters seriously and spread the word based on truth and, above all, give them the courage to strive for establishing the genuine Islamic System in its entirety, with unity across to globe in order to deal with the ominous calamity that is looming around the corner. **Aameen!**

Signing off...

Dr. Absar Ahmad (Chief Editor)

**Press Releases issued by Tanzeem e Islami****Date: 6 April 2018****Lahore (PR): “The real agenda of anti-Islam forces has been unmasked in wake of the tragic events of Kashmir, Palestine and Kunduz.”**

This was stated by the Ameer of Tanzeem e Islami, **Hafiz Aakif Saeed**, during the Khitab e Jumu'ah in Qur'an Academy, Lahore.

While vehemently condemning the brutal massacre of hundreds of *Hafiz-e-Qur'an* children at the hands of the Afghan air force in the Kunduz province of Afghanistan, the Ameer remarked that the dark chapter in the history of cold-blooded slaughter of hundreds of innocent children by aerial bombing written by the puppet regime of Afghanistan clearly indicated that the rulers there were not willing to learn any lesson from history. He added that history was testament to the fact that treacherous criminals that had betrayed their own nation had always faced disgrace and ignominy of the worst kind in this worldly life. The Ameer also lamented that while the Holy Land had been drenched with the blood of innocent Palestinians, yet the rulers of Saudi Arabia were still vindicating the stance of the Zionist state of Israel. The Kashmir Committee of our own country, he criticized, was astoundingly silent at the genocide of Kashmiris at the hands of Indian occupation forces. The Ameer said that, unfortunately, it appeared as if Muslim rulers around the globe were sinisterly giving “hushed” approval to their enemies even when they carried out such brutal atrocities. The Ameer warned that if this attitude persisted, the situation would only worsen and the oppression and injustice towards Muslims around the world would accelerate rapidly. The Ameer remarked that the only solution to all problems being faced by Muslims today was to establish the system given to us by Allah (SWT) and His messenger (SAAW), in its entirety, so that they could become eligible for the bounty of Allah (SWT). The Ameer concluded by stating that in such a scenario, no one would dare raise their hand against them with harmful and evil intentions.

**Date: 3 April 2018****Lahore (PR): “The state terrorism in Kashmir and Palestine is a direct consequence of the biased and anti-Islam policies of the nations of the world.”**

This was said by the Ameer of Tanzeem e Islami, **Hafiz Aakif Saeed**, in a statement.

While vehemently condemning the increasing use of brutal tools of force against the unarmed and innocent Muslims of Kashmir and Palestine, the Ameer noted that had the UNO and other global powers claiming to be the champions of human rights not resorted to injustice and bias, the world would not have been facing a bloodbath of Muslims today. He added that the real face of international institutions had been unmasked in wake of the recent events that have occurred in Kashmir and Palestine. He said that it had now been established as a fact that the brutalities being committed against the unarmed and innocent Muslims of Kashmir and Palestine had the full backing of the international institutions. Therefore, the Ameer remarked, the Islamic World should open its eyes to reality, reflect on the events that are occurring now and develop the courage and willingness to act on their own in order to solve their problems and they also ought to accelerate the struggle and process of implementing and making dominant the *Deen of Allah* (SWT) in their respective countries in order to receive Allah's (SWT) bounty. He said that if we continued to look towards international institutions and global powers for help in order to solve our problems, then instead of “resolution”, these problems would keep multiplying with every passing day.

The Ameer said that we (*Tanzeem-e-Islami*) had already anticipated that the growing sinister alliance between India and Israel was, in fact, part of a greater design to suppress the voices being raised against their brutalities against the Muslims of Kashmir and Palestine, and both India and Israel had planned to sync their efforts to quash the freedom movements in Kashmir and Palestine by the use of extraordinarily inhumane force, simultaneously. The Ameer concluded by stressing that in light of these events, it had become imperative for Muslim countries, too, to devise their own strategy in order to stop the ever increasing brutalities being perpetrated by both India and Israel.
