### From the Qur'an:

“Whatever is in the heavens and whatever is on the earth exalts Allah, and He is the Exalted in Might, the Wise.”

“O you who have believed, why do you say what you do not do?”

“Great is hatred in the sight of Allah that you say what you do not do.”

“Indeed, Allah loves those who fight in His cause in a row as though they are a [single] structure joined firmly.”

*(Surah As-Saf;  
Verses: 01 – 04)*

### Selected Hadith:

Ibn Umar (RA) reported that he heard the Messenger of Allah (SAAW) saying:

“There will be a flag for every perfidious (disloyal and treacherous) person on the Day of Judgment.”

*(Sahih Muslim;  
Book 19, Number 4304)*

## EDITORIAL

All praise is due to Allah (SWT), and peace & blessing on his noble Messengers (AS), in particular, on the last of them all the blessed Prophet Muhammad (SAAW).

All lobbies, by definition, are designed to exert covert control over government or other policy, by using their financial power. That agenda and its negotiations are invariably carried out behind closed doors.

And so, unless you want to deny that there even is an Israel lobby, it cannot be verboten to point out that, in common with other political lobbies, it works in secret and uses shedloads of money (in USA, from casino gambling profits; in UK, from bullion and insurance markets; and in The Middle East, from oil and war profits) to bring about fundamental political change in government for its own narrow advantage, that works against the legitimate government.

In Westminster (England/UK), the CFI lobby as with AIPAC in Washington, although working for the Zionist agenda is by no means exclusively Jewish because it is adept at co-opting influential figures from various different sectors who are deemed to be useful fodder in advancing the Zionist cause. (One such major cohort manipulated by the lobby in the US is the evangelical Christian Movement aka ‘Christian Zionists’).

Whatever the split between faiths, the sole objective of the Israel lobby is to build Israel into the third most powerful nuclear state in the world (for now) after the US and Russia, in order that America can effectively control both the Middle East and Europe. With one major difference. The state of Israel is not bound by any international agreement regarding the possession and use of nuclear, chemical or biological (NBC) weapons. It is the only state in the world that is allowed unrestricted arsenals of undeclared and uninspected WMD in gross violation of the will of the United Nations and its other 192 member states.

That makes the state of Israel arguably the most dangerous threat ever known. And the lobbies that support, arm and finance it have clearly abdicated all responsibility for world peace but, on the contrary, have tragically laid the foundations for future global war. And, like forced rhubarb in a dark cellar, the Israel lobby continues to operate unseen in both Washington and Westminster. Which takes us to a ‘history-lesson’ for our reader...

**Editorial***(Continued from page 1)*

For the last three centuries or so, the ordinary man has seen remarkable events unfold in the realms of human existence. The ordinary man, naïve and vulnerable enough to act as a 'true believer' in the official raison d'être indoctrinated to satiate his divinely-gifted faculty of rational thought, has been made to reconcile with these events as either coincidences or merely 'one-offs', if you will.

But make no mistake that every significant political, economic, strategic, military, social, cultural, societal, and to put it all in a nutshell, 'historical' moment has been the design of an evil force for one single reason – to replace the notion of the role of Allah (SWT) from the core of the physical as well as metaphysical reality of this worldly life and replace it with some system sans the Creator (SWT)... A system that has deluded ordinary mankind into willfully or otherwise doubting the existence of One True Allah (SWT) as that Omnipotent force which ought to be recognized as the Centre of all individual and collective affairs of humankind... A system which has woven a malicious web around mankind and 'installed' a pseudo belief into their collective conscious based on the acceptance and ultimate 'worship' of the forces of deception and evil as if they were the real benefactors of humanity.

The two world wars fought in the first half of the 20th century, the mysterious reconciliation between the pope and the rabbi, the initiation of post-world-war financial, political and social orders, the reshaping of various parts of the world carving them into bits and pieces, the coronation and eventual disintegration of dictators, the creation of a 'promised land' for the Jews, a.k.a. Israel in the heart of the Arab world, the perpetual worldwide economic recessions caused by the sleight of the banking system's hand, the rise of vile ideologies such as liberalism, secularism and feminism in the name of universal freedom, the inexplicable boom in science and technology during the last fifty years or so, the baffling yet hypnotic impact of media and modern education on the intellect of the masses, the reincarnation of crusade-like military adventurism of the West targeting every soft target, especially the Muslim countries... all seemingly random and unrelated events but craftily threaded around one single goal; the preparation of a globally dominant one-world government controlled by a handful of elite comprising mainly the Christian Zionists and the Jewish Zionists.

Many people are of the opinion that one way to 'dilute' the stranglehold of the Zionist lobbies is to have all individuals working for the benefit of a foreign government registered as 'foreign agents' and their activities scrutinized. It is our considered opinion that by doing so, while some interests of 'national security' for countries (nation states) may be achieved, however for an Islamic viewpoint they would be nothing more than half-measures. We would also like our readers to ponder on arguably the most important question that matters. Are events that benefit the forces of evil and, apparently, dent the core ideology of Islam merely coincidences or is there a sinister pattern to it all?

We pray to the Almighty (SWT) to bestow on us genuine faith so that we could see with the internal as well as the external eye and help us recognize the Truth from deceptions. We pray to Allah (SWT) to help us behold things as they actually are and not as they appear to be and to save us from the trials and tribulations of this age.

## Press Releases issued by Tanzeem-e-Islami

**Date: 22 February 2019**

**Lahore (PR): “India is hell-bent on escalating its ‘water-war’ against Pakistan.”**

This was said by the Ameer of Tanzeem-e-Islami, **Hafiz Aakif Saeed**, in a statement. The Ameer noted that India was threatening to stop the flow of water to Pakistan, despite the Indus Waters Treaty being in place and binding on both countries. He added that these threats could be dangerous for Pakistan because our former rulers (Civilian and Military alike) had committed treachery against our nation by not constructing dams in the country, thus failing to address the water crisis in Pakistan. The Ameer also remarked that the present PM of India, Narendra Modi, is the embodiment of bigotry, prejudice and narrow-mindedness, and because of that behavior the minorities in India, especially the Muslims, were being brutally oppressed. In the aftermath of the Pulwama incident, the Ameer lamented, the houses of Kashmiris living in India are being burnt to the ground and the Kashmiri students studying in various educational institutions of India are extremely unsafe and in great peril. The Ameer said that although the warnings given by India of waging a full-scale war against Pakistan appeared to be nothing more than empty threats, yet the armed forces of Pakistan ought to remain on high alert. It would be a grave mistake on our part to assume that Pakistan is invincible because of being a nuclear power, he added. When the former Soviet Union was defeated and it eventually disintegrated, the Ameer remarked, it was the second largest nuclear power in the world. He noted that although we ought to make all possible preparations to defend the country against Indian aggression, but it must be understood that unless we are provided help and support by Allah (SWT), we would not be able to defeat the enemies of Islam and Pakistan. The Ameer further said that in order to be eligible for the help and support of Allah (SWT), we ought to totally and unconditionally submit to the Will of Allah (SWT) and the dictates of His Messenger (SAAW), as a nation. If Pakistan becomes such a state in which the Qur’an and the Sunnah are declared as having complete supremacy in genuine terms, and the Islamic System of Collective Welfare and Justice is established in its totality, then even the entire world put together, let alone India, cannot cause us any harm. Therefore, the Ameer concluded by remarking, that in addition to taking all possible measures for defending our homeland, the real work that is required is for us to demonstrate practical loyalty to Allah (SWT) and His Messenger (SAAW), and fulfil the promise made during the Pakistan Movement that “Pakistan would be a genuine Islamic Welfare State”.

**Date: 15 February 2019**

**This Lahore (PR): “India wants to sabotage the indigenous movement for freedom in Occupied Kashmir by perpetrating false-flag events such as the Pulwama attack.”**

This was stated by the Ameer of Tanzeem-e-Islami, Hafiz Aakif Saeed, during the Khitab-e-Jumu’ah at Qur’an Academy, Model Town, Lahore. While expressing his views on the car bomb attack on a convoy of the Indian Central Reserve Police Force (CRPF) in Occupied Kashmir, the Ameer said that all those who keenly follow regional and international developments know well that the geo-strategic importance of India is significantly diminishing in our region, while that of Pakistan is steadily increasing. He noted that a phase of negotiations between the U.S. and Afghan Taliban has been organized to take place in Pakistan on 18 February. After the visit of the crown prince of U.A.E. a few days ago, the crown prince of Saudi Arabia is scheduled to visit Pakistan from tomorrow, the Ameer added. Agreements between Pakistan and China, including CPEC, are being implemented and making swift progress. Even Russia is signing agreements with Pakistan in the field of defence and for cooperation in other areas of mutual interest, the Ameer remarked. Moreover, the Ameer observed, that one must not forget that the electoral position of the present ruling party in India, BJP, is extremely weak and at an all-time low heading into the 2019 elections. The Ameer noted that all these dots point to the fact that the Indian government wants to play the ‘victim card’, once again, in order to succeed in the general elections, as well as to regain some measure of the geo-strategic importance lost in the region. The Ameer lamented that had Pakistan become an Islamic Welfare State in genuine terms, India would never have dared to oppress and assault the people of Occupied Kashmir or blame Pakistan for false-flag attacks such as the one in Pulwama. The Ameer remarked that the visit of the crown prince of Saudi Arabia, Mohammad bin Salman, to Pakistan not only makes evident the brotherly ties between the two countries, but also proves the growing cooperation and coordination between the two brotherly Muslim countries. The Ameer concluded by asserting that the need of the hour is for the 58 Muslim countries on the face of the earth to combine on a single platform, rid themselves of the ills of blindly chasing worldly gains and luxurious lifestyles and acquire the form of a ‘Unified Muslim Ummah’, so that the enemies of Islam could be given a befitting response for their evil designs against the Islamic World.
